

Brown Brothers Harriman Supplier Code of Conduct

Brown Brothers Harriman (“BBH”) believes “Sustainability” is all about running our firm responsibly and ethically, while contributing positively to our clients, our people and our communities. BBH seeks to enter into business partnerships with companies who share these values, and therefore we ask all suppliers to adhere to the BBH Supplier Code of Conduct (“Code”).

The Code describes BBH’s expectations for how suppliers conduct their businesses. We believe that all suppliers which provide products and services to BBH should align their guidelines, policies and practices with ours. Adherence to the Code is not a contractual commitment, however, existing and potential suppliers should be aware that BBH will take their willingness to adhere to the principles of the Code into account as part of our regular vendor review and selection process.

Please join us in committing to adhere to the business principles outlined on the attached form.
